

Milwaukee M18 Fuel Brush Cutter

RMW3015-20

Details

Our M18 FUEL Brush Cutter has the power to clear thick brush, reach full throttle in under 1 second, and reduces fatigue during extended cutting. The POWERSTATE Brushless Motor delivers up to 6,200 RPM and has the power to maintain speed in demanding applications. The motor is positioned in the rear of the brush cutter to provide the best combination of power, balance, and maneuverability. REDLINK PLUS intelligence maximizes performance while protecting from overload, overheating, and over discharge. The advanced electronic package delivers instant throttle response, high and low speeds, and a variable speed trigger for ultimate control over the power range. Our cordless Brush Cutter includes a string trimmer head, brush cutter blade, and a harness. The Easy Load String Trimmer Head provides a 16in cutting swath and an easy line loading experience with the ability to load up to 25 ft of trimmer line in under 30 seconds. The Brush Cutter Blade utilizes a 9in, 4-tooth design, to take on more demanding applications and includes a separate optimized guard design for the best material containment. The comfortable dual shoulder strap harness provides less fatigue in extended cutting. The M18 FUEL Brush Cutter is part of our M18 system which is fully compatible with over 250+ tools.

- POWERSTATE Brushless Motor: Purposely built for the M18 FUEL Brush Cutter to generate the power and performance of high voltage platforms
- Part of the M18 system, featuring over 250+ plus tools
- Reaches full throttle in under one second, Boosting productivity and control
- Milwaukee Easy Load Trimmer Head: 14in-16in Cutting Swath, accepts .080in & .095in trimmer line; Easily reload trimmer line

Milwaukee M18 Fuel Brush Cutter

RMW3015-20

without head disassembly

- RPM: 0 - 4900 / 0 - 6200
- Trigger: Variable Speed for increased user control
- REDLINK PLUS Intelligence: Optimizes performance, provides overload protection preventing damage to tool and battery during heavy applications; compatible across the M18 System
- Dual Shoulder Strap Harness: More support, lighter weight, reduced fatigue in extended cutting
- Brush Cutter Blade: 9in diameter, 4-Tooth Blade Design
- 2 Speed Control: High speed for demanding applications and low speed for maximizing run-time

Specifications

Manufacturer	Milwaukee
Battery System	M18
