

Power Rotary Scissors 9.5in

RAF-PRS-95

Details

The Power Rotary Scissors attachment features counter rotating blades to create a clean, sharp cut for any use. The 20:1 reduction ratio and automatic stopping blades are incredibly safe, fast and efficient. The 9.5" (241mm) blades are easy to sharpen and replace as the gear unit can be completely disassembled for easy maintenance. Multiple shaft adaptors are included to fit any brand head. Use along bunkers, cart paths, buildings, stakes and shallow under-water cutting. Cuts without kickback or throwing objects. Oversize 11" (280mm) diameter blades available for edge trimming and increased work efficiency.
