

Bucket Boss Cable Bag

RBB69000

Details

The Bucket Boss Cable Bag is constructed with 600 denier ripstop poly water-resistant fabric. Equipped with a fully zippered main compartment, this bag is designed to efficiently store jumper cables, extension cords, a 25' hose, or towing cables and easily stores next to a spare wheel. The bag also features an exterior storage pocket and durable webbing carry handles.

- Holds jumper cables, tow straps, hose or extension cords
- Fits in with the spare wheel
- Durable ripstop fabric
