

Tire - AT26 x 8-14 (3 Ply) Carlisle Terrathon RCT560487

Details

Conquer any terrain with ease with the American-made Terrathon tire, featuring revolutionary Extended Range Technology (ERT) for unparalleled performance. Our radial construction ensures durability while the non-directional tread pattern delivers exceptional traction on soft to hard surfaces. Endure the toughest conditions with confidence, backed by a rigorous 90-mile endurance test at zero psi. Dominate the trails with dimpled lugs that minimize heat buildup and a continuous center groove with open shoulder lug design, effectively channeling water away in wet conditions. Integrated sipes on lugs boost traction on slippery surfaces, providing maximum stability and control. Don't settle for less choose Terrathon for your next adventure.

- Extended Range Technology (ERT) ensures unparalleled performance
- 90-mile endurance test at zero psi for extreme reliability
- Radial construction for durability and reliability
- Dimpled lugs for reduced heat buildup
- Continuous center groove and open shoulder lug design channels water away in wet conditions
- Integrated sipes on lugs increase traction on wet surfaces
- Soft to hard surfaces/mud
- Made in the USA

Specifications

Manufacturer	Carlisle
Ply	3 Ply
