

CTEK Battery Charger Murs 7.0-12V and 16V

RCTK56-830

Details

State of the art technology perfect for 12V or your 16V race car or audio application no matter what the weather. The CTEK US RACING charger is lightweight and compact yet extremely robust as well as water and dust resistant (IP65). This 7-step charger will provide fully automatic charging for 12V and 16V WET or AGM and can be left attached for months without worry of overcharging. An automatic detection feature for end-of-life batteries eliminates surprises. Surge protected. 2 Year warranty.

- 7-step, fully automatic charging and maintenance
- Accessories provide for multiple battery use
- Ideal for 12V and 16V applications
- Water resistant in rain or snow
- Maintenance charge for maximized performance
- Desulfation function to extend life
- No sparks, short-circuit proof and reverse polarity protected
- Automatic detection of end-of-life batteries to eliminate surprises
- Surge protected to protect sensitive electronics
