

Underhill Pelletpro Wetting Agent Applicator Gun - Control On/Off - Shower Head Nozzle - High Flow Plastic Valve & 3/4in MHT x Quick Connect RG257

Details

Applicator gun for solid wetting agent tablets. This heavy-duty surfactant applicator, high-flow valve and Precision RainPro nozzle combo comprises the finest wetting agent gun available. PelletPro accepts all wetting agent tablets and provides a high volume, yet soft spray for watering or applying surfactants to tight, hydrophobic soils. Features 35+ GPM to get the job done faster; ultra Heavy-Duty construction: brass fittings, aircraft aluminum, stainless steel, precision engineered glass. Pellet rotation (1 RPS) evenly dissolves/applies tablets. 3/4" Quick Connect adapter included.

- Applicator gun with RainPro Nozzle, 3/4" quick connect
- Precision "cloudburst" Nozzle: Large droplets, fan pattern
- Includes 1" FHT x 3/4" MHT brass adapter
- Works with both 3/4' and 1' hoses
- Heavy-duty construction; brass fittings, aircraft aluminum, stainless steel
- On/Off control
