

Coiled Water Hose w /Spray Gun - 50'

RGAC50

Details

Never wind a hose again. This 3/8" hose stretches to 50' and then retracts back to a neat 38" coil. Made of rugged self-coil polyurethane with solid brass fittings and adjustable comfort grip trigger sprayer. Perfect for hosing greens and landscape areas, use around the maintenance facility or clubhouse, blasting dirt off equipment and golf carts, or adjust the spray to a fine mist for flowers. Brass "quick connect" fittings are available to easily move from one faucet to another. Hose will not kink or crack. UV inhibitor. Lightweight. Heavy duty. 125 psi working pressure, 4-5 gallons per minute. Green.
