

Rain Bird Esp-Tms Controller - 12 Station 120VAC RGF55000

Details

Rain Bird now offer the LNK WiFi Module for Residential and Light Commercial Rain Bird Controllers. The New Rain Bird LNK WiFi Module allows easy access and control of a Rain Bird irrigation system from anywhere in the world. With the LNK Wifi Module and Rain Bird's FREE mobile app, users get access to off-site management, real-time alerts and advanced water management tools via their smart phone or tablet.

- Upgrades WiFi-ready controllers (ESP-Me and ESP-TM2) to make them fully accessible and programmable from iOS or Android compatible devices.*
- Operates like a wireless remote control for your irrigation system while onsite or an internet-based monitoring and control system when offsite.
- Streamlines and simplifies initial irrigation timer setup and seasonal adjustment.
- Instant access allows for real-time system management and timer settings.
- Compatible professional app features allow for simple multi-site management and as well as remote diagnostics by landscape professionals.
- Built-in mobile notifications provide troubleshooting access, simplify service calls, and warn of freezing conditions when expected.
- Automatic weather adjustments provide daily run time changes, saving up to 50% in water.
- Superior programming capabilities that are designed to meet the most stringent water restrictions.
