

Underhill Medalist Soil Surfactant - 2.5 Gallon Jug RGMED02

Details

An economical non-ionic soil surfactant blend to distribute water more uniformly through the root zone, minimizing localized dry spot, enhancing turf quality and reducing watering frequency. Ideal for suppression of dew and moisture. Can be applied using the LiquidPro applicator, boom sprayer or directly with irrigation injection system. Lower watering costs with season-long application and improve soil moisture content. Use 16 to 24 oz (480 to 720 ml) per acre (0.4 hectare) monthly. 2.5 Gal / 9.48 Liters Jug

- Non-ionic soil surfactant blend to distribute water more uniformly through the root zone
- Minimizes localized dry spot, enhancing turf quality, reducing watering frequency
