

Crackshot Snake Guardz - Large

RP2926-L

Details

Snake Guardz original ultra-lightweight snake gaiters are designed with metatarsal protection and 1000 denier Nylon encasing polycarbonate inserts to stop fangs of poisonous rattlesnakes, copperheads, and vipers. The unique toe covering prevents the possibility of snake fangs becoming entangled in the laces, if struck. Features a unique design allowing air circulation between the leg of the wearer and the Snake Guardz resulting in a cool, protective leg armor that is comfortable to wear all day. Ideal for landscapers, forestry, hunters, hikers, campers, fishermen and utility. Water-repellant and flame resistant. Meets California Technical Bulletin #117, Section E, CS-191-53 specifications. 11 oz. ea. Large 14in.- 19in Calves, XX-Large 19in - 23in Calves, XX-Large 23in - 30in Calves. Khaki Tan. Made in U.S.A.
