

Spyker Pro 120 lb Electric Spreader

RPS80-12010

Details

This Spyker 120 lb. (54 kg) capacity electric spreader is designed for use with 4-wheel UTV, ATV and ZTR vehicles. Features a 12 volt DC motor mounted outside the hopper to allow more material capacity, variable speed control, a polypropylene hopper, and stainless steel tubing. Accu-way system spread pattern. Gate control operated by a foot pedal from the seat or optional 6 ft cable gate control available for UTV or ATV. Use with minimum vehicle dry weight of 1050 lb, minimum wheelbase of 70.9 " and minimum payload capacity of 800 lb. Includes hopper cover and screen.

Please note: Due to excessive air freight charges, this item will be shipped ground freight.

- Mount on UTV, ATV and ZTR vehicles
- Variable Speed Control
- Stainless steel tubing
