

3M Utility Cloth - 180 Grade

R3M05106

Details

Tough aluminum oxide mineral bonded to cloth with 3M's heat resistant Resinite system. This special bonding technique allows for a more uniform coating. Get the "TRUE BLUE" advantage in all operations: Contour sanding, strapping, deburring, rust removal, cut-down prior to polishing, all general maintenance work. Roll size: 1" x 50 yds.
