

Air Force F-15 Gen 3 Hover Mower with Quick Change Blades

RAF-15G3-QC

Details

The Air Force Gen 3, 2-cycle hover mower is redesigned for increased performance and durability. The JN60 engine features a double tall air filter and vertical intake to have cleaner air flowing through the engine, as well as, a larger fuel tank and strengthened pull starter for greater longevity. This is the strongest yet lightest weight engine in its class and still the only true 2- stroke engine for all angle mowing. The new Nylon Injected Polymer Deck is 3X stronger than the ABS deck with a 50in length handle. Cutting height is 3/4in to 1-3/4in. A Hi-Lift Kit is available with 2in - 3-1/2in HOC., if needed. A padded carrying grip provides easy transport. Weight - 25 lbs. Quick Change Blades System, Included. Please note: This product is restricted from air freight and will only be shipped ground freight.
